Portfolio

Wiesbaden, Germany

As an enthusiastic and results-oriented professional with an excitement for data and problem-solving, and with a background in operations, a first short experience in IT and a recent certification in data sciences, I possess a unique blend of analytical, technical, and communication skills. Through my work in various industries and my extensive training in Python, SQL and BI Tools, I have honed my ability to extract meaningful insights from complex data sets and communicate those findings to organisation's all levels stakeholders.
